

Diabetes: Live & Learn

For those with diabetes, their families, and anyone wanting to know more.

Free Community Health Education Event

Space is limited to 200 attendees, so please plan to join us early!

Thursday, Jan. 21st, 10 AM—2 PM

NOON Keynote: Dr. Roger Turcotte, Jr., an internal medicine physician with a diabetes specialty focus. His topic will be “Antibodies, Insulin, and Adipose: Individual challenges and public health implications of diabetes in the 21st Century.”

Presbyterian Friendship Center
1204 Spring Street, La Grande, OR 97850

First 100 attendees will receive a complimentary diabetic-healthy lunch to enjoy during our keynote presentation at NOON!

“Round Table” discussion opportunities with diabetes experts and educators:

- Podiatrist
- Ophthalmologists

- Pharmacist
- EOU Professor of Health and Wellness
- Nurse Practitioner
- Certified Wound Care Nurse
- Diabetic Educators
- Registered Dietician
- Behavioral Specialist
- Rehabilitation Therapists

Information on the latest tools, resources and more from vendors Novo Nordisk, Sanofi, Medtronic, Bi-Mart Pharmacy, Rite Aid Pharmacy, and Lions-VisionGate. Community Connections of NEO will also have information on their Living Well and Diabetes Prevention programs.

*This event is underwritten through restricted funds to **Grande Ronde Hospital Foundation** from a private donation earmarked specifically for diabetes education. It is also sponsored in part by support from Grande Ronde Hospital, Inc. For more information on this event, contact the GRH Education Department at 541-963-1486 or education@grh.org.*
